Letter of Appreciation to BBP's Project Team

With reference to the above, I am writing the letter to inform you of our appreciation for the good support and execution that you and your team have provided to Regent Hotel.

Also, the technical competence, professionalism and enthusiasm from the project team is highly commendable during the installation project of Regent's Chiller Optimization works.

From inception, implementation and execution, the project team support - special mention, [REDACTED] had been a key player that works and integrates very well with the Regent team.

Please keep up with the good work and looking forward to working with BBP in the coming years ahead.

Thank you.

Yours sincerely
